SUPPORT CONSULTING ENGENHARIA E CONSULTORIA

I. BRIEF HISTORY

SUPPORT CONSULTING began its activities in 1.996, in the interior of Sao Paulo State - Brazil, based in its solid experience of its Board of Management in the follow areas:

- ❑ Engineering;
- ❑ Maintenance;
- ❑ Planning and Control;
- ❑ Manufacture and Erection of Industrial Equipments and Plants.

Based in this background, SUPPORT CONSULTING provides the follow activities in several segments of market, such as: Remelt & Extrusion of Aluminum, Automotive, Chemical & Petrochemical, Food and Beverage Industries, Heavy Machineries, Steel Plants, Mining and Paper & Cellulose:

- ❑ Commercial and Marketing Consulting;
- ❑ Search and development of new business;
- ❑ Consulting in Engineering and Maintenance;
- ❑ Projects Management for Industrial Amplification & New Plants Installation.

For the accomplishment of our team, we assume the commitment with:

- ❑ Ethics in Business Development;
- ❑ Organization and Planning;
- ❑ Management of Quality;
- ❑ Technical Responsibility;
- ❑ Efficiency and Productivity;
- ❑ HES - Healthy, Environment and Safety.

Focused on these principles, SUPPORT - CONSULTING is always searching the development of a healthy partnership policy with its costumers through good services, costumer's satisfaction guarantee and recognition of the quality of its services.
